Book Four: The Awakening by AN: Channelled knowledge and information from ancient God Beings, Archangels, and the GODHEAD COncsciousness (Ancient Wisdom Series) (Volume 4) Jacqui Gilbert, Bridget Hall

We arrive at Book Four, having worked through the first three books of the Ancient Wisdom series which record the timeless wisdom of the ancient Light Beings, OSIRIS and ISIS, and we receive the communications from what is described as the totality of the GODHEAD Consciousness. This is referred to as AN. From this dimension of Light, we enjoy the raised resonance of truth. Astounding though the facts may be, we are fascinated by the correct history of our planet, the creation of human beings, and the true nature of Divinity. This supports our growth as we reconnect to our Soul Intent. Our personal return to the Light of our Divine Origins, as the Monad, follows naturally on from this. By way of definition, the Beings of the Angelic Realm are those who came to Earth in ancient times past, from other planets or stars, to physically advance life on Earth, and the reasons for this unfolds in this book. It is these Beings of Light, in Spirit form, who communicate with us at this time. The Archangelic Beings are the Beings who have mostly remained outside of Earth, and who play a powerfully supportive role, rather than the physically active role of their Angelic counterparts, in our planetary development and progress. The other Beings mentioned, are all generally known of as Angelic, other than the GODHEAD Consciousness, which is AN. We begin the recorded communications in this book with a fairly broad expanse of communications from some of the most energetically powerful Light Beings. The diverse communications provide us with some very interesting background information, and allow us to get used to different styles of communication from Spirit. These, in conjunction with the earlier publications: “Book One: The Upliftment of Consciousness”, “Book Two: ISIS Mysteries of love and Life Volume I”, and “Book Three: ISIS Mysteries of love and Life Volume II, serve us well in creating a new paradigm within which we can begin to more fully appreciate the following:

- The truth.
- Who we are as Souls, and where we come from.
- Our Monadic Intent.
- The nature of the consciousness of the GODHEAD.
- Earth’s origins.
- Our outer-planetary connections.
- The correct creation story.
- Correct Earth history.
- Why information has been distorted.
- Who is responsible for this distortion, and why.
- Who benefits from the physical and/or mental enslavement of humanity.
- Understanding resonance relative to Ascension.
- The nature of ourselves, as Divine Beings.
- How to reclaim our true power.
- What we are doing on Earth.
- The importance of living on Earth during this modern period of time.
- The importance of re-activating our DNA.
- How DNA relates to Living Ascension, or spiritualised physicality.
- The evolution process.
- How the Angelics arrived here, and where they came from.
- The nature and function of the Angels, Archangels and the Elohim.
- The Universal importance of physical Earth life.
- How and why physical life forms are advanced Universally.
- Our relationship to other life forms in the Universe.
- Other planets and stars of importance to Earth.
- That unconditional love is the key to everything.
- The importance of the end of this cycle of time.
- How, when and why time begins again, in a new cycle.

Clearly the subject matter which the Light Beings cover is vast, involved and extremely interesting. We trust that all readers will benefit from it as much as we have done in communicating it, hearing it communicated and/or in writing it. The first three books detailing the communications from these Light Beings have a tangible energy which is unique to each one, just as this one has.
