Ecology and Management of Aquatic-Terrestrial Ecotones (Man and the Biosphere Vol 4) R. J. Naiman

This book represents the only collective international effort that provides individuals and agencies with a broad perspective of ecotonal communities at the land-water interface, and the value of those ecotones in maintaining the long-term vitality of aquatic environments in this rapidly changing world. The text focuses on the natural features and the management potential of ecotones occurring at the aquatic-terrestrial interface of continental waters.
