**A Cultural History of the Atlantic World, 1250-1820** John K. Thornton

A Cultural History of the Atlantic World, 1250-1820 explores the idea that strong linkages exist in the histories of Africa, Europe, and North and South America. John K. Thornton provides a comprehensive overview of the history of the Atlantic Basin before 1830 by describing political, social, and cultural interactions between the continents' inhabitants. He traces the backgrounds of the populations on these three continental landmasses brought into contact by European navigation. Thornton then examines the political and social implications of the encounters, tracing the origins of a variety of Atlantic societies and showing how new ways of eating, drinking, speaking, and worshipping developed in the newly created Atlantic World. This book uses close readings of original sources to produce new interpretations of its subject.
