A selected segment of humanity will encounter a supernatural reality before or after death, the dark night of the soul. This will be like a kaleidoscope of his life, fantasies, thoughts & experiences. Each day counts for all eternity therefore anything happening within that day becomes a recorded part of his life; his sins as well as his good deeds. It is here the soul discovers his eternal losses or gains. It is here he was having difficulty assimilating this confusion & fear in this dark void between life mortal & immortal. It is here the final battle of life eternal is resolved. He also discovered entire nation's experience the dark night, as did Germany & others of WW II. So too can religions as does Islam being the dark night of humanity; Protestantism being the dark night of Christianity. This isn't just a random mind teaser, it is the summation of complex experiences & unimaginable mystical events that will challenge the intellect trying to comprehend the precepts of life, death and eternity.
