Molecular Targeting in Oncology (Cancer Drug Discovery and Development)

Molecular Targeting in Oncology (Cancer Drug Discovery and Development)

This book presents an overview of the development of targeted therapies for the treatment of cancer with an emphasis on clinical application. The volume covers the complexity of the rapidly developing area of targeted therapies for the treatment of patients with cancer. It is structured in a way so readers may begin with chapters that most interest them and work through the rest of the chapters in the order of their choice.
