Updated to reflect the most recent Advanced Placement Spanish exams, every copy of this manual comes with four enclosed audio CDs. This version of the test prep program also includes an enclosed CD-ROM. The manual and audio CDs are designed to be used together in preparing students to excel on the exam. Separate practice and review units cover listening comprehension, reading comprehension, writing skills, speaking skills, and grammar. Practice and review units are followed by two full-length practice exams with answer keys. The four audio CDs contain audio supplements to the book's practice exercises plus audio sections for both practice exams. This edition's additional CD-ROM gives students computerized versions of two more full-length practice AP Spanish exams complete with automatic scoring.
