It's been 6 months since the attacks upon mankind by the beasts led by the Kings and Queens of the forest know as Bigfoot. The world has changed and now lives of those who survived are governed by a new set of rules, "Those of Nature," Mankind's struggle to continue without their modern conveniences it has forced those who remain to Adapt or Die. On the far western coast of North America a small struggling community was about to find out that one who'd controlled the animals in the initial wave of destruction wasn't quite ready to stop his own personal slaughter and so once again the Beasts Shall Rise at his command. In southeastern Kentucky Mary Hatchfield who has been appointed the local Law Keeper was about to be revisited by an old friend she'd grown fond of during their previous adventure to save mankind, Jumping-Buck. With him comes the news of something strange and deadly heading her way which would threaten the community she is sworn to protect. Together with a new addition to their group they travel westward to confront an army of Fang and Fur in an attempt to stop the slaughter.
