Are you tired of memorizing hundreds of facts that will never be tested on the real MCAT? There are many companies that are happy to have you memorize names of dead scientists or the structures of all twenty alpha amino acids and much more. The Gold Standard has a different approach. George Bernard Shaw once apologized to a friend for having written a long letter; he said he did not have enough time to write a short letter! The Gold Standard has taken the time to condense an enormous amount of material into fifty-four high-quality poker-sized cards containing over two hundred of the most frequently tested concepts from the new MCAT CBT. In fact, The Gold Standard's Complete MCAT Course (Platinum Program) is a short letter to you, the premed student, containing the information you need to know to become a medical student. If you don't have time to waste, remember our name. Good luck and let's get started.
