The Road to Freedom and the Demise of Nation States

Peter B. Bos

The Road to Freedom and the Demise of Nation States Peter B. Bos

This book describes why the politically democratic state is a mythical and illegitimate concept that does not and cannot work and why, without the corrective market feedback of profits and losses, this unstable, unmanageable, inefficient and authoritative social organization will cause its own demise. The Road to Freedom and the Demise of Nation States maps out an alternative path leading to a new contractual social organization based upon individual sovereignty and freedom. Under this natural government of decentralized economic democracy, individuals vote with their money ballot for the products and services they want, including protection and jurisprudence. The Road to Freedom constitutes an evolutionary continuation of the principles of individual sovereignty and freedom underlying the American Revolution, as expressed in the Declaration of Independence, leading to worldwide peace and prosperity.
