## **The X-Files: The Untold History of Television** Kathleen Olmstead

The Untold History of Television provides an exciting glimpse behind the scenes of the groundbreaking series that have defined the landscape of popular culture.

*The X-Files* was a risky choice for network television when it premiered in 1993, but the show's seemingly niche premise immediately captured a large, loyal fanbase that continued on even after the original series ended. With its heavy focus on aliens, monsters, and government conspiracies, *The X-Files* can be credited with bringing the paranormal into the mainstream.

During its nine-year run, *The X-Files* won numerous awards, including Emmys, Golden Globes, and SAG awards. In 1997, both lead actors, Gillian Anderson and David Duchovny, were awarded Emmys for their performances.

The ebook contains information about the inception and development of the series, thought-provoking episode analysis, and on-the-set stories about the cast and crew.
