The Fun of Dying: Find Out What Really Happens Next!

Roberta Grimes

The Fun of Dying: Find Out What Really Happens Next! Roberta Grimes

Most Americans believe that an afterlife exists, but unfortunately mainstream religions teach a generic faith-based view of it and mainstream science ignores the topic altogether. So people are hungry for concrete facts about the afterlife, and afterlife-related books are perennial best-sellers. Just this year, HarperOne published *Evidence of the Afterlife: The Science of Near-Death Experiences* by Jeffrey Long and Paul Perry, and Harper Collins published *Heaven: Our Enduring Fascination With the Afterlife* by Lisa Miller, both to much acclaim. But neither book answers the basic questions: Where is heaven? What is it like? and How does it feel to die? Nor do any of the many books about the afterlife answer three more basic questions: How is a solid afterlife possible? Who will make it there and who won't? and What are the rules that we must follow to have the best chance of getting there? *The Fun of Dying* offers detailed answers to all these questions and more in an easily read hundred pages. It also presents two study guides one brief, and one much more detailed so readers can follow the author in learning these eternal truths. It turns out that for most of us, death is the best time of our lives!

If you wonder whether death ends life, how it feels to die, or what heaven might be like, this book is for you. If you worry about a lost loved one or fret about the death of a pet, all the answers to your questions are here. And if you are afraid of death, if you worry that your life has no meaning, or if you have given up on religions, then let this book ease some of your fears while it brings new meaning to your life.

Nothing in *The Fun of Dying* is based on the teachings of any religion. Instead, it draws on more than a century's worth of evidence to explain how dying feels, how it happens, and most importantly what comes next. Accounts of near-death experiences are just a small part of the afterlife evidence! A lot of the best death-related evidence was produced in the first half of the 20th century, and it has been ignored ever since by mainstream science and mainstream religions. When it is put together with more recent discoveries, it tells a consistent and amazing story.

The Fun of Dying is a complete account of how dying feels and what comes next. Read it, learn the truth, and apply its lessons so you can enjoy your best life forevermore.
