“A Journey of the First Voyage of Vasco Da Gama,” is a daily account of this famous sea voyage, an armada of ships under Vasco da Gama’s command, sailed towards India. The vessel, the Sao Gabriel, and this small armada of ships sailed around the coast of Africa, crossing the equator, eventually establishing a new sea route to India.

Explore with this great explorer, and his crew, unknown lands, and experience the first known sea journey to India by Europeans, since ancient times.
