**Foundations of Microeconomics (3rd Edition)** Robin Bade, Michael Parkin

*The Foundations of Microeconomics by Bade/Parkin, fifth edition* shines with a well-targeted content adjustment making this edition one of the most relevant Principles of Microeconomics texts on the market today. The In-text examples, dynamic chapter openers, and applications contain compelling content and real-world issues. We elevated *MyEconLab* (MEL) and integrated the story to ensure that it is a more visual feature. This edition capitalizes on the seamless connection between the text and the e-environment to highlight how the authors' emphasis on continuous practice is integrated throughout the entire Bade/Parkin learning system. The fifth edition MyEconLab course and the accompanying print supplements were written in tandem with the textbook.
