Millennium of Turkish Literature: A Concise History (Middle East Literature In Translation) Talat Halman

From Orhon inscriptions to Orhan Pamuk, the story of Turkish literature from the eighth century A.D. to the present day is rich and complex, full of firm traditions and daring transformations. Spanning a geographic range from Outer Mongolia and the environs of China through Inner Asia, the Caucasus, the Middle East and North Africa, the Balkans and Europe all the way to North America, the history of Turkish literature encompasses an amalgam of cultural and literary orientations that embraced such traditions and influences as Chinese, Indian, Turkic, Mongolian, Uyghur, Russian, Arabo-Persian, Islamic, Sufi, Judaeo-Christian, Greek, Mesopotamian, Roman, Byzantine, European, Scandinavian, North American, and Latin American. Always receptive to the nurturing values, aesthetic tastes, and literary penchants from diverse civilizations, Turkish culture succeeded in evolving a sui generis personality. It clung onto its own established traits; yet, it was flexible enough to welcome innovations-or even revolutionary change. A Millennium of Turkish Literature tells the story of how literature evolved and grew in stature on the Turkish mainland in the course of a thousand years. The book features numerous poems and extracts, most in fluid translations by Talat S. Halman. This volume provides a concise, but captivating, introduction to Turkish literature and, with selections from its extensive "Further Reading" section, serves as an invaluable guide to Turkish literature for course adoption.
