Make Your Own PCBs with EAGLE: From Schematic Designs to Finished Boards Simon Monk

Design custom printed circuit boards with EAGLE

Learn how to make double-sided professional-quality PCBs from the ground up using EAGLE--the powerful, flexible design software. In this step-by-step guide, electronics guru Simon Monk leads you through the process of designing a schematic, transforming it into a PCB layout, and submitting standard Gerber files to a manufacturing service to create your finished board. Filled with detailed illustrations, photos, and screenshots, *Make Your Own PCBs with EAGLE* features downloadable example projects so you can get started right away.

- Install EAGLE Light Edition and discover the views and screens that make up an EAGLE project
- Create the schematic and board files for a simple LED project
- Find the right components and libraries for your projects
- Work with the Schematic Editor
- Lay out PCBs with through-hole components and with surface mount technology
- Build a sound level meter with a small amplifier and ten LEDs
- Generate Gerber design files to submit for fabrication
- Solder through-hole PCBs and SMD boards
- Design a plug-in Arduino shield
- Build a Raspberry Pi expansion board
- Automate repetitive tasks using scripts and User Language Programs
- Create your own libraries and parts and modify existing components

From reader reviews:

Stephen Ziegler:

Why don't make it to be your habit? Right now, try to ready your time to do the important take action, like looking for your favorite book and reading a reserve. Beside you can solve your problem; you can add your knowledge by the book entitled Make Your Own PCBs with EAGLE: From Schematic Designs to Finished Boards. Try to the actual book Make Your Own PCBs with EAGLE: From Schematic Designs to Finished Boards as your friend. It means that it can to be your friend when you really feel alone and beside associated with course make you smarter than before. Yeah, it is very fortunated to suit your needs. The book makes you more confidence because you can know every thing by the book. So , let me make new experience and also knowledge with this book.

Julie Kappel:

Information is provisions for those to get better life, information presently can get by anyone on everywhere. The information can be a information or any news even a huge concern. What people must be consider while those information which is inside former life are hard to be find than now could be taking seriously which one would work to believe or which one typically the resource are convinced. If you get the unstable resource then you buy it as your main information you will have huge disadvantage for you. All those possibilities will not happen in you if you take Make Your Own PCBs with EAGLE: From Schematic Designs to Finished Boards as your daily resource information.

Amos Curley:

You are able to spend your free time to learn this book this book. This Make Your Own PCBs with EAGLE: From Schematic Designs to Finished Boards is simple to bring you can read it in the park, in the beach, train as well as soon. If you did not possess much space to bring typically the printed book, you can buy typically the e-book. It is make you easier to read it. You can save often the book in your smart phone. Therefore there are a lot of benefits that you will get when you buy this book.

Jason Norfleet:

A lot of publication has printed but it differs. You can get it by internet on social media. You can choose the most effective book for you, science, comic, novel, or whatever by simply searching from it. It is referred to as of book Make Your Own PCBs with EAGLE: From Schematic Designs to Finished Boards. You can add your knowledge by it. Without making the printed book, it could possibly add your knowledge and make a person happier to read. It is most critical that, you must aware about publication. It can bring you from one destination to other place.
