American Military Leaders

Joseph Dawson, Roger J. Spiller

American Military Leaders Joseph Dawson, Roger J. Spiller

This book is an abridged edition of the critically acclaimed, three-volume *Dictionary of American Military Biography* (Greenwood Press, 1984). The scope of the original work encompassed a much wider range of people than soldiers; it included politicians, scientists, inventors, explorers, physicians, and humanitarians who had a significant impact on American military history. This new edition focuses on the most distinguished and important battle commanders in American history from colonial times to the present. Each essay incorporates the latest scholarship on the life under study, depicting the background, education, professional development, and accomplishments of the most notable practitioners of the art of war. Unlike most works of this genre, *American Military Leaders* offers critical appraisals of its subjects. The essays were contributed by some 100 military historians. Cross references and bibliographies are provided. There is a new introduction and an enhanced reference index.

This careful abridgement of an acknowledged classic guide to military history can be used as a supplementary text for courses on the evolution of war and American military history. Professional soldiers will welcome its emphasis on battlefield warriors and military history buffs will find it both insightful and enjoyable reading.
