Are You The Man?: 201 Lessons I Wish My Dad Would Have Taught Me

This book was never really meant to be (a book). Initially, it was as a collection of my poems and notes I compiled for my son (to pass on to him) – my legacy. After losing my grandfather at the age of 11, and never really having a positive male role model in my life as an adolescent, I was fearful that if something ever happened to me before my son reached adulthood, he would suffer the same fate. I would never be able to teach him all the things I wished I had learned as a young man.

So I started saving poems and compiling notes, quotes, advice, and revelations I received during my journey through manhood, husband-hood, and fatherhood.
