Human Exceptionality: School, Community, and Family, MyLabSchool Edition (8th Edition) Michael L. Hardman, Clifford J. Drew, M. Winston Egan

The Eighth Edition of Human Exceptionality continues to provide a complete, accessible introduction to teaching, interacting, and living with individuals with exceptionalities across the lifespan, with an increased attention to "teaching." After a detailed introduction to the foundations of exceptionality, featuring completely revised and expanded chapters about exceptionality and education, the second half of Human Exceptionality focuses on definitions, classifications, prevalence, causation, and characteristics for the major categories of exceptionality. The discussion of each category concludes with practical educational, medical, and social services aspects of working with people with exceptionalities. Up-to-date research informs discussions that are intelligent and interesting. Detailed, personal stories about people with exceptionalities, along with features that help students study and apply material in each chapter, create this book's unique human approach. This text is appropriate for preservice and practicing teachers interested in additional certification, as well as anyone planning to work with persons with exceptionalities in other human services contexts, such as psychology, social work, allied health, and counseling.
