Iron Kin: A Novel of the Half-Light City M.J. Scott

Imagine a city divided. Fae and human mages on one side, vampire Blood Lords and shape-shifting Beast Kind on the other. Between these supernatural forces stands a peace treaty that threatens to shatter at the slightest provocation....

I was raised to do the right thing. But to my family that means staying safe behind the walls of human society. To be a respectable metalmage and never put myself at risk. But the treaty is faltering. And if it fails, nothing is safe. To help save the city and everyone I care about, I will use whatever means I can to ensure the negotiations to renew the treaty are successful—even if that means forging an alliance with a man who is the very opposite of the right thing....

Fen is trouble. Wild. He would rather bind himself in iron and drink himself into oblivion than learn to master the visions that come to him. Those visions might just hold the key to peace, and it seems that my power might hold the key to his control—if I can keep it around him....
