As the author says at the beginning of this book, the main criteria for reading it is that you must be male - preferably straight and male. Possibly the most politically incorrect book you are likely to pick up and read, it is not for the faint hearted or female! Chris Evans' latest book follows the journey of a young boy from a lone sperm in his father's scrotum until his fifth year. Tutored by his laddish father and uncle Theo, young Eddie describes the first five years of his life in vivid detail from his birth through to his early schooldays and his breast obsession. Determined to follow his hero, uncle Theo, Eddie sets about upsetting the female gender as soon as he learns to speak.
