This probably isn't the kind of Pirate Story you think it is... and it is definitely not the kind of story everyone will enjoy, so Take Warning.

After recovering from severe Alcoholism and Drug addiction, an Underwater Archaeology student turned Treasure Hunter named Truly Free steals some 400 year old Spanish Treasure from a wreck site he is working...and grim disaster follows quickly.

Each successive misfortune pushes him further and further from what most of us would call a Normal Reality...until he is sure his life has become Cursed... and he has to become something he never thought possible just to find his way back Home.

This is the "Gold Coin Cover" non-Enhanced read-only version of this book, and does NOT contain embedded sound files. The Audio Enhanced Soundtrack version has an all-black cover with glowing red, yellow and green letters (and a Skull and Crossbones), but will not be available here on Amazon until Kindle gets their crap together and lets self published authors post enhanced works.

Maybe you should write to them and complain, because the soundtrack you are missing out on...is awesome.

Ahhrrrrr....
