## **Participating in Worship: History, Theory, and Practice** Craig Douglas Erickson

Transcending the common distinctions between high church/low church and formal/informal, this book argues for a balance in the patterns and various levels of worship participation, giving all Christians a fresh look at worship as a whole. Craig Erickson discusses the elements of participation in detail, setting historical and theological insights within a comprehensive theory of liturgical participation. He enables students, ministers, and congregations to understand the historical significance of the elements of worship and offers useful suggestions for strengthening Christian worship.
