International Migration, Remittances, and Brain Drain (Trade and Development)

International Migration, Remittances, and Brain Drain (Trade and Development)

International migration, the movement of people across international boundaries, has enormous economic, social and cultural implications in both origin and destination countries. Using original research, this title examines the determinants of migration, the impact of remittances and migration on poverty, welfare, and investment decisions, and the consequences of brain drain, brain gain, and brain waste.
