**Racism in Contemporary America (Bibliographies and Indexes in Ethnic Studies) Meyer Weinberg**

*Racism in Contemporary America* is the largest and most up-to-date bibliography available on current research on the topic. It has been compiled by award-winning researcher Meyer Weinberg, who has spent many years writing and researching contemporary and historical aspects of racism. Almost 15,000 entries to books, articles, dissertations, and other materials are organized under 87 subject-headings. In addition, there are author and ethnic-racial indexes.

Several aids help the researcher access the materials included. In addition to the subject organization of the bibliography, entries are annotated whenever the title is not self-explanatory. An author index is followed by an ethnic-racial index which makes it convenient to follow a single group through any or all the subject headings. This is a source book for the serious study of America's most enduring problem; as such it will be of value to students and researchers at all levels and in most disciplines.
